

DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Deditch, Aaron on March 22, 2010.

2. Claims 23, 26 and 29 are currently cancelled.

REASON FOR ALLOWANCE

3. Claims 30 and 34 are allowable over cited prior art.

4. The following is an examiner's statement of reasons for allowance: The cited prior art did not disclose receiving system wherein the antenna amplifier further includes a device for one of splitting up and filtering out signal components of a received signal at the output of the antenna amplifier; the pass frequency of the narrow-band filter is tuned via a tuning signal that is generated by the receiver and applied to the output of the antenna amplifier, the tuning signal applied to the output of the antenna amplifier is evaluated in the antenna amplifier, the tuning signal is one of a d.c. voltage, an analog amplitude-modulated signal, an analog frequency-modulated signal, an analog pulse-width-modulated signal, and a digital data stream, a supply voltage for the antenna

amplifier is applied to the output of the antenna amplifier, the device for one of splitting up and filtering out signal components of the received signal includes a storage unit for storing tuning information, and further control signals are applied to one of a control terminal of the antenna amplifier and the output of the antenna amplifier.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
